Tells Of Trip To Spain

by Cheryl Smock
Editor's Note — Cheryl Smock, Grayling High School student who is spending the summer in Spain as an exchange student in the Youth For Understanding program, writes her first article about her experiences for the Avalanche.

Madrid, Spain, June 27 — It seems that the most interesting thing to tell you about now would be the trip to Madrid. There were 114 students on my flight out of Detroit on June 22. Out of these 114 students came to Madrid.

We landed at Gander Airport in Newfoundland and again at Shannon Airport in Ireland. After landing in Amsterdam we were taken to the Hotel Fleissing where our rooms were assigned. If I must say, every one was glad the long tedious flight was over.

Due to the many delays in our flight we were unable to be in Amsterdam and Paris very long. We will see more of these cities on our return trip.

All the students going to Madrid and Paris boarded the train in Amsterdam the next morning. We traveled through Holland, Belgium and northern France to Paris. These countries were just beautiful. One cannot imagine just how beautiful they are until one can see them.

We changed trains in Paris and were allowed three hours there. While there I was able to visit the Eiffel Tower, Notre Dame, and the Seine River. All that night was spent on the train. At the border we again changed trains to go to Madrid. It was surprising how many Americans we met on the train from Paris to Madrid.

Arriving in Madrid at 10:00 p. m. we were met by our families and taken to our homes. Needless to say I was quite happy to sleep in a soft, straight bed again! All of the trip from Detroit to Madrid took four days. I am now settled in Madrid with my Spanish family and my American roommate, Linda Harness. So good-bye for now.

FIRE PLAGUE CITY AND COUNTY

Fires broke out on the Fourth of July, the first at 12:45 p. m. on a grass fire near the Homer King home in Grayling, which the City Department had stopped in a short time, with no damage to buildings. The second was a fire on Stanley Lake Rd., reported by the Down River Fire tower to the Conservation Dept. at 3:25 p. m. Two units from Grayling, one from Roscommon, Jack Millikin's private equipment, and the City Fire Department were all called in to assist. About 30 citizens also gave help. The fire started across the road from a house trailer, and threatened a cottage, but no buildings were burned, and the fire was held to 21 acres of jackpine. It was located in Sec. 25, T26N, R3W. A third fire occurred Monday, July 6, on Millikin Lane in Beaver Creek, and was held to around 30 feet by persons in the area and by the Lyons Township Fire Department. The Grayling units were called in but the fire was out by the time they arrived.

They will appear before Justice Olin Williamson in the near future. Thomas F. Johnson, 18, of Grayling, Henry W. Peterson, 19, of Roscommon and Joseph Duane Griffin, 17, of Roscommon, were stopped by City Police on July 4th. Johnson and Peterson were given summons for possession of liquor by minors and appeared before Justice Williamson July 6th. Griffin was arrested and charged with disorderly conduct and charged with illegal possession by Justice Williamson July 6th. All three boys were fined \$30 and costs or given 30 days. Peterson and Griffin have paid the fine and costs. At this time Johnson was still being held.

He appeared before Justice Williamson on July 6th and asked for examination before being sent into Circuit Court on a misdemeanor charge. \$500.00 bond has been set.

4th Traffic Heavy, but Safe
Traffic was extremely heavy in Crawford County over the past Fourth of July weekend, Crawford County Sheriff Arthur Clough reported. Not only was the stream of cars thick on I-75 in the area, but traffic was heavy on old US-27, M-22 and M-30 as well as the county network of roads.

Only one accident was reported to the Sheriff's office. This was a two-car pile-up on old US-27.

FULL FOR FOURTH

Lake Margrethe State Forest Campground Proves Popular

The newly constructed Lake Margrethe State Forest campgrounds located on the west shore of the lake near the outlet of Portage Creek has proven itself to be very popular already even though it is not 100 percent completed.

Of the 46 camp sites, as long as 40 are now open. The first weekend of the Fourth of July some folks intending to make camp there had to be turned away as it was full.

Also proving very popular is the picnic and bathing area. The boat ramp made from concrete slabs reinforced with steel has now been laid and is ready for use. The area is reached off from M-72 west of Grayling via the McIntyre's Landing road and is now well marked with signs.

It is well off the highway and back along the heavily wooded shore line of the lake where it is quiet and peaceful. Picnic tables and grills are available as well as a water well in the camping area and also the picnic area.

There are toilets located in both areas. In the picnic area are both ladies and men's toilets while in the camping area, there are three sets. In the camping area can be found everything from trailers, to camper units to tents. In fact, one camp site contained a pup tent over last weekend. There is on charge for use of the area which was constructed with funds from the Area Redevelopment Administration and from the Forest Division of the Conservation Department.

On June 26, 1964, Benjamin Jerome Sr. celebrated his 80th birthday. The day was spent at the cottage on Lake Margrethe and all members of his family were present with two exceptions—Katherine Jerome, daughter of the Arnold Jeromes, who is touring eleven countries in Europe with a group of college girls, and Donald K. Ballman, Jr., who is attending the University of Denver and having exams which kept him busy.

Arnold Jerome Jr. is at Evansville, U. S. in Indiana, but having a few free days flew up to Grayling. His brother Tim is a senior at Centerville High in Pontiac. Brenda Ballman attends Pontiac College in Claremont, California, who plans to leave for England with a school friend, a girl she enjoyed while attending Kingswood in Bloomfield Hills. She graduated from there last spring. Benjamin Jerome, Jr.'s oldest son was married last February, and of course Lana and Tony were here, also Jeff, who will enter Delta College this fall. Jill, youngest grandchild, Ron Junior's daughter, attends Bloomfield High School.

It was a happy day for Mr. Jerome and Mrs. Jerome enjoyed everything and hopes to celebrate exactly the same way next year. The young folks enjoy swimming, and the river water being a little too cool is the reason for not partying at the cottage on the AuSable. Mr. and Mrs. Ballman live in Midland, the Benjamin Jr. and

4th Celebration Big Success

The celebration of Independence Day staged by Grayling City Firemen was enthusiastically received by the town and county people, who were on hand in large numbers to take part in the contests staged and the exhibitions and spectacles furnished. Fire Chief Frank May wishes to publicly thank the boys of the Fire Department for the wonderful job they did in keeping things going smoothly for the fourteen hours of the celebration, also members of the Moose Lodge who helped the Firemen put on the various events, and to everyone who gave assistance in any way, clear back to the beginning of the fund raising efforts by the Department. Without such cooperation the program could not have been achieved. Even the weather cooperated.

In the contests during the day, the egg-throwing event was won by Rick Holmes, and Johnny Hunter, who won \$2.50 each. Climbing the greased pole was won by Louis Nielsen, \$10, and Billy Muth, \$5. Besides a third prize winner and two others who tried it just for fun. The little greased pig prize went to Billy Hatfield and Mike Webber, \$5, and the pig, which was sold for \$5. The large pig was won by an out-of-towner and sold to Andy Nielsen for \$10. In the tug of war the Junior Class dragged the Seniors through the water to win \$25. There were enough contestants in the three-legged race to require two events, and these were won by Dale Shusser teamed with Dick Skolasky and Roger Johnson teamed with Russ Papendick, the boys receiving \$2.50. The watermelon contest disappeared in the fire. The 450 pieces of money being gobbled up before the firemen were ready to judge the event. The water-battle was won by the firemen. With the fireworks making an hour of wonderful display and the street dance afterwards, the Fourth will be remembered as a real "old-fashioned" huldinger. Chief May says plans are being organized right now for next year's holiday.

GUY VANDER JAGT TO RUN FOR SENATE

Guy Vander Jagt of Cadillac, Michigan has announced his candidacy for the Republican nomination for the State Senate from the 36th Senatorial District.

The new district consists of Leelanau, Benzie, Grand Traverse, Kalkaska, Crawford, Roscommon, Missaukee, Wexford, Osceola, Clare, Isabella, Mecosta, Newaygo (except for Custer and Ensey Townships), Manistee (except for Filer and Manistee townships and the City of Manistee) and Elk Rapids, Milton, Helena and Custer Townships in Antrim County.

"With the tremendous loss of representation in Lansing suffered by our area under the decision of the Michigan Supreme Court, it is so very important that our area have vigorous and eloquent representation in Lansing," Vander Jagt said.

For the past four years Vander Jagt has been associated with the Grand Rapids law firm of Warner, Norcross and Judd in addition to operating the livestock business started by his father in Cadillac in 1911.

Formerly, Vander Jagt was News and Special Events Director of WWTW in Cadillac. In making his announcement Vander Jagt pointed out, "Our news coverage area at WWTW included the entire new 36th Senatorial District and through my work there I feel I have a most intimate knowledge of the people of this new area than any of the other announced candidates."

The Country Club Auxiliary had thirty turned out for the qualifying round for the women's championship last Wednesday. Low net was won by Jeanette Henig and Corrine Smith. Peg Milnes won low putts.

On the luncheon committee were Eunice Slusser, Laura Olson and Doris Souder.

A Hillbilly costume party is planned at the Country Club building Saturday, July 11, at 8 o'clock in evening, for members and their guests. The charge will be \$1.00 per person.

Iosco County Clerk Assails Re-Districting

George A. Prescott, Iosco County Clerk in announcing today his candidacy for re-election, bitterly assailed the recent Supreme Court decision establishing new senatorial and house districts which completely ignored 17 county lines and some township and city boundaries.

"It is diabolical gerrymandering," Prescott said. "My 17 years as supervisor and County Clerk combined I have seen centralized government proceed from little nibbles to the giant bites into local government they now take."

Prescott said he had no quarrel especially with the equal population districts theory, but that the violation of county lines and other disregard of area interests was flagrant.

"Our courts have entered a field today," Prescott said, "where it is impossible to set limits to its interference except as should be prescribed in its own discretion. The time is now for all of us interested in the preservation of our system of government to unite in an effort to reaffirm our basic theory of separation of powers, Executive, Legislature and Judicial branches where each should move with equal dignity in their appointed domains."

Prescott said that the authority of these three branches have until now always been coordinate, not superior or inferior. We are today obviously witnessing expressions of impatience by the judiciary against separation of powers, our very foundation of free government.

"In America," Prescott insisted, "some cases ought to be beyond the reach of judicial cognizance because the questions involved are purely political. The judiciary is the final judge of what the laws are, not the judge of what the laws should be."

Prescott called attention to the unsolicited nudge given this spring to the legislature by the supreme court on procedure for establishing the new Court of Appeals.

"Perhaps it is time," Prescott continued, "that Michigan and other States emulate 17 of our States who have proceeded toward a United States constitutional amendment that will restore our historical balance of power theory."

"Here in northeastern Michigan," Prescott said, "we depend for survival on tourist business, farming, resort and tavern operations with

TO THE RESCUE

He may not be called on every day, but it's comforting to the swimmer to know that an experienced lifeguard is nearby, ready to speed to the rescue of any fair damsel in distress.

Sometimes non-swimmers get into "deep water," so to speak. It happens to all of us. Something goes wrong at home, with the family car, with some appliance or utility, or we need some particular service for the office or store. When this happens, be calm. Check the advertisements in this newspaper. Check the classifieds. What ever help or service you need is nearby. A phone call will get things rolling within a matter of minutes.

Established merchants, repairmen, service stations, and garage operators to name but a few, are eager to serve and please you. If you need help or service, check the ads and call a dependable, reputable local businessman.

Moose Lodge Activities

The Grayling Lodge, 1162 Loyal order of Moose congratulates the Grayling Firemen for a very fine job of July Celebration. When a small handful of men get together in their spare time and provide a day of entertainment, plus fight two fires, without interruption from their activities, as these men did Saturday, they deserve a very strong feeling of self satisfaction for a job well done. They not only try to protect our most prized possessions, but provided a day's entertainment as well. We also thank the Dept. because we all enjoyed it.

Our annual Moose picnic will be held at Sands Park on Manistee Lake August 16th. Members please note the change in location.

July is a pretty busy month for us. This Sunday July 12th, is the District meeting at Reed City. We would like to see a large representation at the meeting. July 17th is Regular meeting night, at the Lodge. Sat. July 18th will be birthday night, at the club for all those who have birthdays during July. Sunday the 19th, Legion of the Moose meeting at Saginaw, and Sunday July 26th is enrollment by the Holly Degree team. We have several new members to go into the Moose then. Let's see if we can't have a very nice sized class for the Holly team.

Gov. Chuck Stoddard thanks all the members who were present Saturday to help the City Police and Firemen. Both Police Chief Harold Hatfield and Fire Chief Frank May have expressed their thanks to be conveyed to the members who helped.

If you never engage in activities that give you pleasure, don't blame anyone but yourself. Being a member you have privileges — take advantage of them and you'll enjoy life more.

We had a very large turnout at the club Saturday evening, and saw a lot of friends from other lodges, who were present.

The WOTM had a regular meeting plus an enrollment Monday evening, this being the first meeting for all the new officers. We wish you luck in the coming year.

Home Extension News

The Lovells Home Extension Study group met at the home of Mrs. Tillie Cole on June 17 with 7 members and three guests present. After a lovely lunch served by the hostess and co-hostess Mrs. Evelyn Bates, the meeting opened with the reading of the Homemaker's Creed. Roll call was a recipe native to a particular country. After a short business meeting, the lesson, which was a continuation of "Food and People of the World", was given by Hazel Koerke. A general discussion followed. Plans for the Bazaar on Saturday, June 27 were made. It was decided to meet at Mrs. Mildred Johnson's home July 2 for a short business meeting and to make plans for the trip to Lansing on "College Week for Women", July 21 through July 24.

With no further discussion, the meeting adjourned.

BITS O' TALK

Mr. and Mrs. Carl Hanson returned home June 27th from a two-week trip to Alaska. They left here on the 13th for Buchanan and were driven to O'Hare Airport, by their son Dr. Alfred Hanson, flying from there to Anchorage where they were met by his brother Anker and wife. They spent a few days at Anchorage then accompanied Anker and Grace in their camper on trips to Valdez, the ghost town of Chitina, Palmer, and other places along the Richardson Highway, the main roadway in the area, to see as much as possible of the earthquake damage. They covered about 300 miles and took eleven days for the camping trip. They found campsites very numerous, and each one situated on a lake or river. They saw carpets of wildflowers, in the main of various shades of blue. They saw many wild animals, but very few birds. They returned to Anchorage to make the flight to Chicago, where they were met by their son Alfred, who took them back to Buchanan. Screen For New Scholarship Program To Be Big Job For State

NEW SCHOLARSHIPS

Screening an estimated 20,000 to 25,000 applicants for Michigan's first state-supported scholarship program poses a big job for one of the smallest government agencies.

The Michigan Higher Education Assistance Authority distributed about 300 scholarships under a private funds-guarantee program in slightly over two years.

Now plans call for the Authority to award 1,000 college aids by fall. A total of \$500,000 was appropriated for the scholarships by the Legislature.

Applicants will first be narrowed down to about 7,500 through consideration of the various available intelligence tests. Then, partly on a statewide basis and partly on the basis of legislative districts, the financial need of individual students will be considered.

Scholarships are expected to average around \$500, said Superintendent of Public Instruction Lynn M. Bartlett, who serves as chairman of the Authority. The maximum allowance in the 1964 legislative act is \$800 per student per year.

Students who finally receive the scholarships will have their choice of many institutions. All accepted colleges and universities in Michigan, 47 in all, including private institutions and some community colleges, are eligible for use of the scholarships.

Major advantage of the program is provided to students who select any of the 23 accredited private institutions. The scholarships are renewable throughout four years of college, contingent on the display of satisfactory performance and continued financial need.

SALARIES UP

Michigan's governor will be among the highest paid chief executives in 1965, and state lawmakers will hold a similar place in rank among their counterparts.

Only New York, California, New Jersey and Pennsylvania pay their governors more than the \$30,000 Michigan's governor will receive next year. The new rate is a \$2,500 boost over the current salary.

Legislators gave themselves a bigger hike: with a 43 per cent raise in salary and 100 per cent increase in expense allowances. The new rates will be \$10,000 salary and \$2,500 expenses per legislator.

Many of the current Legislature members will not take advantage of the new rates, however. The 1965 session is expected to include more new faces than have been seen in many years past.

NEW FACES IN '65

Redistricting and the new Constitution played major roles in the prospect of high change in the Legislature for 1965.

Several members have announced plans to retire rather than face another incumbent in a merged district. Others were eliminated from eligibility by the Constitutional provision prohibiting individuals on other public payrolls, such as city officers and employees, from running.

Still others have been lured into contests in new Congressional districts and a few will seek election to the State Court of Appeals, a new creation in the judicial branch section of the 1964 Constitution.

WONDERFUL PRIVILEGE

THE CHURCH FOR ALL...
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a source of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

We are proud of our freedom... whether it be freedom of speech, freedom of assembly (the eyes have it), freedom of the press, or freedom of religion. Of all these, we sing: "Let freedom ring!"

Freedom of religion is not the property of the clergy, but of all the people. Every schoolboy knows that the Constitution says so. It guarantees freedom of worship... freedom to honor God according to one's own conscience. It is a precious gift.

How you worship is your business! That you must worship, that's God's business! Choose the church to honor God with your fellowman... thanking God for this wonderful privilege. For, so often in other lands, such worship is forbidden and outlawed. Sunday is His day! Make it your day!

PONY TALES

By

JANET W. OLSON

It is a sad sight to see a pony standing in a field on a hot summer day with no shade near him, lashing his tail at flies, shaking his head, stamping his feet. He can't stand, rest, or eat in comfort. Flies are loathsome little creatures and can make a pony miserable. Often it is best during the hot summer months to turn your pony out in his field during the evening or night hours. Let him spend the heat of the day in his stall, which is bound to be cooler and because of this have less flies. Keep your stall extra clean during the summer and keep your manure pile away from the stall. If your stall is a three shed type stall you can make a wooden frame, just like a large screen, using an inexpensive fly screen, when your pony is in his stall during the day put this screen in place and hold it with four or five storm window hooks or small slide bolts. Did you know that a pony can have a sun stroke, just like a person can? This is why it is so important that your pony have some shade in his pasture. When you ride your pony in the summer it is best if you ride in the early morning hours or later in the afternoon than in the hot part of the day. When you ride be sure that you wipe the pony off after removing the saddle, then walk him for a while to cool him before you turn him loose or put him away. I have said before and will say again, NEVER NEVER use cold water on your pony. You can make him very sick or even cripple him for life. You can buy some good products to sponge on your pony to protect him from flies, but it is best if you don't use fly spray made for people use and never use a garden type spray.

HINT FOR THE WEEK — In the summer months your pony's hooves will grow faster than they do in the winter. Watch them and trim them every six weeks. If the weather is hot and dry dip a small paint brush in any good oil and oil the pony's hoofs. This will help to prevent cracks and will replace some of the moisture that the foot needs to stay healthy.

Anyone having a question concerning ponies, ponies, write to Pony Tales, c/o Avalanche and your questions will be answered in the column.

Don Gordon To Seek Senate Seat

islator with strong bi-partisan support and Governor Romney's endorsement.

In all, Gordon was author or co-sponsor of 11 bills which became law during the Legislative session just ended. Now that the Legislature has adjourned, he is serving on three special committees. The 41-year-old Republican lawmaker now represents Leelanau, Benzie, Antrim and Charlevoix counties, a post he won by more than 2-1 majorities in primary and general elections in 1962.

Gordon is a graduate of Michigan State University, where he special-

ized in government and journalism. For 13 years he was editor and co-publisher of the Leelanau Enterprise-Tribune, after which he became assistant to the president of the Parsons Corporation in Traverse City and a director of Suttons Bay Papers.
